etc.,

(As per mailing list -'A')

**विषय/Sub: System improvement – conducting selections
against different quota – reg.**

In one of the units, while conducting selection from among the eligible employees working in GP Rs. 1800/- for promotion to the higher grade of GP Rs 1900/- , two different notifications inviting volunteers against 33.1/3% PQ and also against 16.2/3% LDCE Quota were issued and these two selections were processed simultaneously and final panels were published separately, in which certain employees got selected in both the selection. Vigilance check has pointed out that thus employees have been selected in both selections and as a result, the notified vacancies of one of the quotas could not be filled up inspite of availability of full selection panels.

In view of above issue it is advised that wherever, selection of PQ, LDCE, GDCE, IA Quotas, are involved in a particular category / post, conducting selections simultaneously against two quotas or more should not be allowed on any account. Once a selection against particular quota is finalised and panel is published, then only another selection against the next permissible quota can be initiated so that above such situation could be avoided in future.

The above instructions should be followed strictly without any deviation.
