Sub: Enhancement of rates for utilizing the services of an anesthetist from outside during emergencies.

In partial modification to Para 248 of IRMM, it has been decided to revise the ceiling rates for utilizing the services of an anesthetist from outside during emergencies as under:

- c) Rs. 2,700/- per case, for general anesthesia in major surgical cases including spinal and epidural block;
- d) Rs. 1,800/- per case, for short duration general anesthesia e.g. with pentothal, ketolar etc. including General anesthesia in minor surgical operations.

However, the above rates are ceiling limit rates for utilizing the services of an anesthetist from outside. Each Zone/Division would finalise their own rates within the ceiling, based on market survey by a two member Committee constituted by CMD/CMS.

This issues with the concurrence of the Finance Directorate of the Ministry of Railways.
