Sub: **Clarification on transfer amongst Supervisors in Mechanical Department- reg.**

One of the divisions has requested to clarify the rule position to consider the Inter Divisional Transfer on own request from SSE/Diesel to JE/C&W on bottom seniority. In this regard, the Cadre Controlling Authority (CRSE/Coaching) has advised the following:

“ Since Diesel and C&W are both Mechanical Cadre but two have different training module therefore, on acceptance of such request transfer, the Branch Officer in the recipient unit shall put the Supervisor under ‘On Job Training’ for minimum of three (03) months and based on learning experience he/she can be assigned with regular job whenever deemed fit “.

Accordingly the transfer requests of supervisors from Diesel Wing to C&W Wing in Mechanical Department having same educational qualification but with different training modules can be considered. But, it shall also be ensured that such personnel are put on-job training in the new wing for a minimum of 03 months and further based on the learning experience and assessment by Branch Officer, he/she can be assigned with regular duties.

This issues with the approval of PCME.
