No. 2025/E(RRB)/25/15

New Delhi, dated: 23.09.2025

**All Principal Chief Personnel Officers,
All Zonal Railways/Production Units
Chairpersons of all RRBs.**

**Sub.:- Adoption of stricter identity verification mechanism at the time of
appointment -reg.**

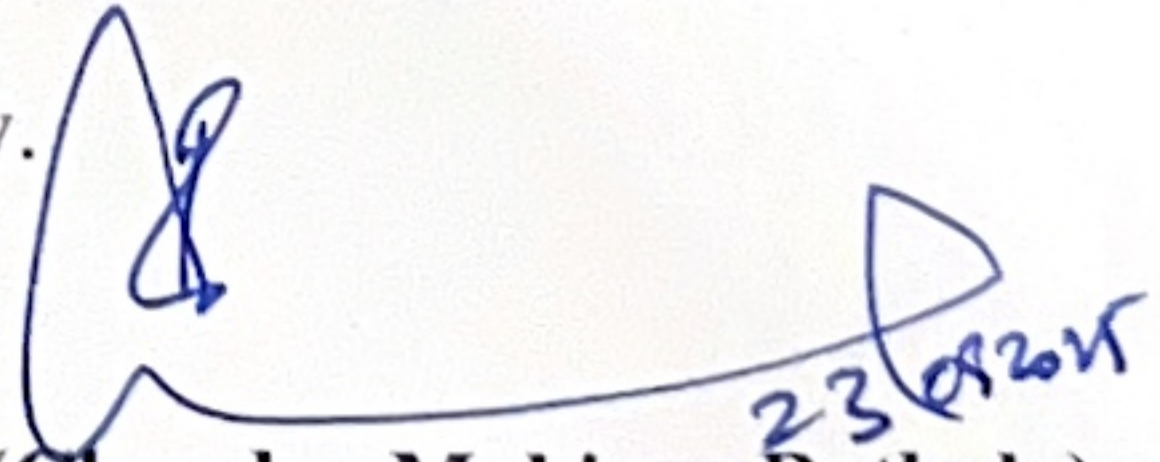

With reference to Railway Board's letter of even number dated 14.07.2025, requests have been received from Railways to allow candidate authentication at the time of joining through the agency engaged by RRBs. This would ensure continuity and integrity of the data trail relating to candidate identity and associated data points.

2. The matter has been examined in consultation with the Principal Nodal RRB managing the contract with the Exam Conducting Agency (ECA). It has been decided that verification of candidate identity shall be carried out through Aadhaar and biometric authentication at both Document Verification (DV) and Joining/Appointment stages, facilitated by the ECA. The concerned units (RRBs at DV stage and Railways at Joining/Appointment stage) may avail these services of the ECA.

3. While Aadhaar verification during DV can be smoothly implemented, deployment at the joining stage poses challenges as candidates generally report on different dates. To address this, the following guidelines shall be observed:

- i. Railway Units shall, as far as possible, schedule candidates joining on common date. Candidates who have already joined and not yet verified should also be called on the common date. It is to be ensured that every candidate is verified within 60 days of the initial joining and minimum 60 candidates are available for verification at one location. Any schedule with fewer than 60 candidates per day per location must be supported with proper justification.
- ii. Railway Units shall communicate common date selected for verification along with locations to the concerned RRBs at least 15 days in advance.
- iii. RRBs shall coordinate with the ECA for deployment of resources.
- iv. ECA shall conduct Aadhaar authentication besides verification of other details using earlier data points (such as Aadhaar token, biometrics, photos etc) and share reports with Railway Units and RRBs.
- v. ECA shall raise invoices to respective RRBs. The Principal Nodal RRB will arrange clearance of bills, based on confirmation of details from the concerned RRBs.

4. This issues with the approval of the Competent Authority.
